

MAR DIEZ

SYNOPSIS

In every shot, Mar Diez finds a story waiting to be told. A passionate editor and film lover, she has forged her path through filming and timelines. Her vision combines precision, technique, and narrative sensitivity, bringing the rhythm and emotion of each project to life.

Founder of her own production company, Mar not only edits, she directs the filming process from the inside out. With experience as a DIT and Assistant Director, she knows every cog in the wheel of the set and understands how to transform the chaos of filming into visual poetry.
